

ALPHABETIC INDEX OF AUTHORS in Volume 23 for 2023

<i>Abazov A. Ch.</i> The play “Andemirkan” in the North Caucasian dramaturgy: problems of attribution and dating	2/78
<i>Achmiz K. G.</i> About the book “Adyghe” by academician of the Russian Academy of Sciences Askhad Sheujen	3/83
<i>Ashinov Yu. N., Shkhagapsoev S. Kh.</i> On the 70th anniversary of A. Kh. Sheudzhen- Academician of the Russian Academy of Sciences and AIAS	1/115
<i>Bakov H. I.</i> On the problem of the general Adyghe literary language	1/64
<i>Balkizov G. A.</i> Boundary value problems with data on opposite characteristics for a second-order mixed-hyperbolic equation	1/11
<i>Bogatyрева F. T.</i> On the correctness of initial problems for the fractional diffusion equation .	4/16
<i>Gutov A. M., Gutova L. A.</i> Intraspecific relationships between types of epic	3/73
<i>Zakuraev A. F.</i> The concept for multifunctional high-speed main ekranolet ground-flange .	1/28
<i>Zakuraev A. F., Ashabokov B. A.</i> Theoretical foundations creation of an ekranolet with a special geometry of the wing and fuselage adapted on the flyover	2/27
<i>Kazharov A. G.</i> Social and political activities of V. K. Tlostanova	4/97
<i>Kirzhinov R. A.</i> On solution uniqueness for Dezin problem analog for parabolic–hyperbolic type equation	4/23
<i>Krapivina E. A.</i> Jubilee Congress of Botanists of the Russian Federation	4/131
<i>Lobanov V. B.</i> Higher legal education in the North Caucasus: to the history of the issue ...	1/74
<i>Losanova F. M., Kenetova R. O.</i> Boundary value problem for the loaded McKendrick–von Foerster equation of fractional order	4/28
<i>Mazhgikhova M. G.</i> Initial value problem for differential equation of fractional order with variable coefficients and with variable delay	2/11
<i>Mamchuev M. O.</i> Green’s function of the problem with local displacement for the fractional telegraph equation	4/34
<i>Masaeva O. Kh.</i> On the Dirichlet problem for the generalized Laplace equation	4/43
<i>Nagoeva L. A.</i> Actualization of cultural conceptions of M. H. Gerandokov in the book of I. M. Gazarova «A person, both in small and large, must create for the future»	1/108
<i>Omarov K. Z., Shkhagapsoev S. Kh.</i> Corresponding Member of the Russian Academy of Sciences M.-R.D. Magomedov – 70 years old	3/87
<i>Pshegusov R. H., Chadaeva V. A.</i> Natural-climatic characterisation of the altitudebelt structure of Caucasus landscapes by A. K. Tembotov	3/11
<i>Tamakhina A. Ya.</i> Promising ecotypes of wild plant species as a formation resource selection material in feed production	1/99
<i>Tamakhina A. Ya., Shershova I. S.</i> The resource potential of Kabardino-Balkaria in the development of popular science tourism	3/57
<i>Tkhagapsoev Kh. G.</i> Ethnos as a subject of history and a measure of the objectivity of historical science	1/86
<i>Tkhagapsoev Kh. G.</i> To the invaluable facets of Kabardian proverbs	4/109
<i>Firova A.</i> The phenomenon of Adyghe (Circassian) ecological culture	2/102
<i>Khalilov E. N., Ma Z., Wang M., Khalilov F. E., Kuleshov S. V.</i> Prospects for robotic remote control and laser impact on cyanobacteria flowering	1/37

<i>Khanov Z. M., Shkhagapsoyev S. Kh., Chadaeva V. A., Maremkulova A. K., Belotserkovskaya I. N.</i> Historical herbarium collection of N. A. and E. A. Bush in the National Museum of the Kabardino-Balkarian Republic	4/69
<i>Khuako F. N.</i> Maykop toponymy with regional chrono- and ethno- color	2/95
<i>Khuako F. N.</i> Natural-social civilizational edge (in the parliamentary discussion of Adygea)	3/50
<i>Khubiev K. U.</i> Analogue of Tricomi problem for one characteristically loaded hyperbolic-parabolic equation	4/54
<i>Khubiev B. B., Nadzirova R. Yu.</i> Interesting and necessary publication	4/126
<i>Shamoyan R. F., Tomashevskaya E. B.</i> On the action of Toeplitz operators into new BMOA type spaces in the unit disk	1/20
<i>Shamoyan R. F., Tomashevskaya E. B.</i> On Bergman type projections in bounded strongly pseudoconvex domains	2/18
<i>Shaov A. A.</i> Ethnoecology: experience in the reconstruction of cultural heritage	3/29
<i>Shogenova M. S., Hutueva S. H., Shogenova L. S., Muzhdabayeva E. L.</i> Global climate warming and the expansion of ragweed – new problems in the spread of allergopathology, forecasts and prevention	2/40
<i>Shkhagapsoev S. Kh., Kushaliev Zh. A., Krapivina E. A.</i> Status and prospects of studying mycobiota biodiversity in the Russian Caucasus	1/49
<i>Shkhagapsoev S. Kh., Ordokov A. A., Nadzirova R. Yu., Shkhagapsoeva K. A., Tkhagalegov A. H., Zhanokova L. A.</i> Flora of the city of Baksan in the Kabardino-Balkar Republic: composition and structure	2/56
<i>Shkhagapsoev S. Kh., Shono I. E., Zhanokova L. A., Zhankaziev R. A.</i> Segmental fraction of the flora of Kabardino-Balkaria in crops of Zea Mays L.	2/67
<i>Shkhagapsoev S. Kh., Gergov A. Kh.</i> Barasbiy Khakunov. Scientific heritage	3/36
<i>Shkhagapsoev S. Kh.</i> Georgy Matveyevich Zozulin (1913–1986), one of the founders of ecobiomorphology	4/79
<i>Eneeva L. M.</i> On the question of solving a mixed boundary value problem for an equation with fractional derivatives with different origins	4/62
