

INDEX OF ARTICLES Published in Volume 24 for 2024

On the question of the existence of a solution to the first boundary value problem for the Aller – Lykov moisture transfer equation with the operator of fractional discretely distributed differentiation. <i>Gekkieva S. Kh., Kerefov M. A.</i>	1/11
Strong approximation of functions by double Fourier series in generalized Hölder spaces. <i>Lasuria R. A., Golava M. R.</i>	1/23
On some formulas for fractional integration of one Fox function with five parameters. <i>Khushstova F. G.</i>	1/36
Rotation of a spiral galaxy without dark matter. <i>Rekhviashvili S. Sh.</i>	1/45
Antioxidant activity of silver nanoparticles synthesized from crud methanolic extract of rumex nervosus. <i>Quradha M. M., Qahtan A. M. F., Kushkhov Kh. B., Mukozheva R. A.</i>	1/49
Study of the mechanism of joint electroreduction of Dy ³⁺ and Co ²⁺ ions in the eutectic KCl-NaCl-CsCl melt at 823 K. <i>Kushkhov H. B., Hotov A. A., Qahtan A. M. F.</i>	1/58
Anthropogenic transformation of xerophilic floristic complex of Kabardino-Balkaria (Central Caucasus). <i>Shkhagapsoev S. Kh., Murzakanova A. M., Tkhangalegov A. H.</i>	1/72
The peculiarity of creative individuality Circassian poet and writer Kurman Duguzhev. <i>Bakov H. I.</i>	1/82
To the work of Mukhadin Kandur (1935–2023). <i>Khuako F. N.</i>	1/91
Some features of the resolution of property and inheritance disputes in the mountain verbal courts of the Kuban and Tersk regions in 1871–1918. <i>Khagazheev M. A.</i>	1/100
About the book “Botanical Gardens and Herbarium Fund of Kabardino-Balkaria” by S. Kh. Shkhagapsoev. <i>Belotserkovskaya I. N.</i>	1/112
To the 65th anniversary of Fatimat Aslanbievna Tembotova.	1/114
To the 70th anniversary of Sultan Nazmudinovich Askhabov.	1/116
On the 70th anniversary of Professor Safarbi Khasanbiyevich Shkhagapsoev.	2/11
Boundary value problems with data on opposite characteristics for a second-order mixed-hyperbolic equation. <i>Balkizov G. A.</i>	2/16
Theoretical studies of the use of agricultural machinery. <i>Balkarov R. A., Aphudov T. M.</i>	2/27
Features of morphophysiological parameters at the forest dormouse (Gliridae, Rodentia) in the Central Caucasus. <i>Dzuev R. I., Baragunova E. A. , Sharibova A. Kh., Shorova D. Kh.</i> ...	2/38
Phenological features of common bilberry (<i>Vaccinium myrtillus L.</i>) in areas of the Kabardino-Balkar Republic. <i>Emuzov I. E., Tamakhina A. Ya.</i>	2/48
Rare and Endangered Plant Species: Population Aspect in Research and Conservation. <i>Ishmuratova M. M., Ishbirdin A. R.</i>	2/59
What is a subalpine belt in the Caucasus? <i>Onipchenko V. G., Varybok S. D., Akhmetzhanova A. A.</i>	2/85
Factors of altitudinal distribution of alien plant species in the mountains of the Russian Caucasus. <i>Pshegusov R. H., Chadaeva V. A.</i>	2/95
Bodily beauty in the mirror of Adyghe identity. <i>Shaucukova L. Kh.</i>	2/113
Productivity and quality of winter wheat grain depending on the level of mineral nutrition in the conditions of vertical zoning of the central part of the North Caucasus. <i>Khanieva I. M., Shogenov Y. M.</i>	2/125
About the book by S. Kh. Shkhagapsoev and L. B. Kurasheva “Forests of Kabardino-Balkaria: forest management, afforestation, composition, protection”. <i>Khetagurov Kh. M.</i>	2/137
On the generalized boundary value problem for a linear ordinary delay differential equation with Dzhrbashyan–Nersesyan derivative. <i>Mazhgikova M. G.</i>	3/11

Particular practical recommendations for the maintenance of dairy equipment in mountain pastures. <i>Baragunov A. B., Egozhev A. M.</i>	3/19
Dynamics and stability of a vertical rod using a water tower as an example. <i>Kulterbaev H. P., Zakuraev A. F., Ryabkov A. V.</i>	3/33
To solve one of the problems of the appearance of cities. <i>Sozaev A. A., Kokoev M. N., Chapaev T. M.</i>	3/47
Some features of Adygian Oral author's poetry at the early stage of literature formation. <i>Alkhasova S. M.</i>	3/55
Transformation of modern Adyghe family in the context of world globalism. <i>Shaucukova L. Kh.</i>	3/66
Activity of government and self-government institutions in organising catering in Nalchik District in 1914–1917. <i>Anishchenko E. A.</i>	3/77
The history of the Mountain republic in 1918–1919 in the presentation by V.-G. Dzhhabagiev. <i>Kambiev A. M.</i>	3/88
New book on the forests of the Kabardino-Balkarian Republic. <i>Mollaeva M. Z.</i>	3/99
The Goursat problem for a locally loaded equation with a power-law parabolic degeneracy of the second order. <i>Attaev A. Kh.</i>	4/13
Non-local boundary value problem for an ordinary fractional differential equation with the Dzhrbashyan–Nersesyan operator. <i>Bogatyreva F. T.</i>	4/19
On a control problem for the diffusion equation. <i>Ivshin M. S.</i>	4/28
On solution uniqueness for Dezin problem for parabolic-hyperbolic type equation with boundary conditions of the first kind. <i>Kirzhinov R. A.</i>	4/34
Boundary value problem for the loaded fractional telegraph equation with Gerasimov–Caputo derivatives. <i>Losanova F. M., Kenetova R. O.</i>	4/39
Nonlocal boundary value problem for a linear ordinary delay differential equation with Gerasimov–Caputo derivative. <i>Mazhgikhova M. G.</i>	4/47
On one problem of conjugation of two hyperbolic equations of the third order. <i>Makaova R. Kh.</i>	4/55
Problem with non-local internal and boundary conditions for a fractional diffusion-wave equation. <i>Mamchuev M. O., Mashukov M. B.</i>	4/62
Analogue of Bitsadze–Samarskii problem for loaded hyperbolic-parabolic equation with degeneration of order in the hyperbolicity domain. <i>Khubiev K. U.</i>	4/72
Stankovich integral transforms of some special functions. <i>Khushtova F. G.</i>	4/80
A non-local problem for an ordinary second-order differential equation with the Nakhshhev operator. <i>Efendiev B. I.</i>	4/91
The reticulocytes of blood of rodents in the foothills of the Central Caucasus (Kabardino-Balkaria). <i>Emkuzheva M. M.</i>	4/101
The lichenoflora of the state natural national park “Prielbrusye”. <i>Khanov Z. M., Shkhagapsoev S. Kh., Zhashuev A. Zh.</i>	4/111
Lexical and grammatical characteristics of verbal and comparative phraseological units of the Kabardino-Circassian language. <i>Bizhoev B. Ch.</i>	4/130
Some traces of the stay of the distant ancestors of the Adyghes in the east. <i>Unezhev K. Kh.</i>	4/141
Scientific and industrial heritage professor, academician of IAAS V. B. Khamukov. <i>Shkhagapsoev S. Kh.</i>	4/150
